

## **Second Hand School Uniform Swap**

We are delighted to announce that our school uniform supplier School Uniform Direct has now introduced a second hand school uniform swap service which works in the following way. The free service allows you to either give away or sell unwanted uniforms and you get to keep any money you make. We hope you will find this a really helpful service.

Please go to [www.oldschooluniform.co.uk](http://www.oldschooluniform.co.uk) and follow the steps below:

**1. Register for your free account**

Old School Uniform.co.uk is free to use. We know how hard it is to find the money to buy a school uniform so register and see who has something they are trying to give away.

**2. Activate your account**

Make sure you check your email or junk folder for your email.

**3. Login to your account**

Login to your account to access your Old School Uniform account.

**4. Add a product**

Take a clear photo of the school uniform item and add a description to the product page.

**5. Watch the emails come in**

Sit back and watch the email enquiries come in. Remember, if you are looking for something in particular then don't forget to add this to the notice board as someone out there may be able to help you.
