A MESSAGE FROM THE MUSICAL DIRECTOR...

Good evening, and a very warm welcome to Ricards Lodge High School's production of Frozen the Musical JR!

The story of Frozen Jr. beautifully embodies the core values of our school. It is a tale of sisterhood—Elsa and Anna—where Anna demonstrates immense Resilience by embarking on a dangerous quest to save her sister. The musical powerfully emphasises Compassion, teaching us that only unconditional love and support can help Elsa overcome her fear and isolation. Ultimately, the show champions Equality by celebrating every individual's authentic self. We hope that this message encourages all our students to believe in and embrace being their true selves.

After months of dedicated rehearsals, we are incredibly proud to present this spectacular performance! The production process has once again highlighted the truly special role a whole-school musical plays in our students' lives, bringing together young people from all year groups to collaborate and create something magical. We sincerely hope the memories made during this experience remain special for years to come, and that the newfound confidence gained encourages every student to throw themselves into future challenges with enthusiasm.

I want to express my pride in the students who brought this production to life. Their demonstration of kindness and commitment has been inspiring. A heartfelt thank you to all members of our outstanding Cast and Crew.

This production would also not be possible without the incredible support network behind our cast. Your invaluable support in assisting the cast to source costumes, master their lines, and remain organised throughout the rehearsal period has been absolutely pivotal. We are confident that you will leave this evening feeling immensely proud and fortunate to be a part of our Ricards Lodge community.

Finally, we encourage you to sing along if you know the lyrics, and to show your appreciation through clapping and cheering! We truly hope you enjoy this wonderful Winter production of Frozen the Musical!

Best wishes,

NATALIE AGHAJANIAN
Musical Director

Basma Choudhry - Elsa

I have loved every part of the journey leading up to this year's school musical. Strengthening bonds with friends and working with really talented and amazing staff helped me gain confidence in my performance. This year's school musical provided me with a safe, comfortable to perform environment and I hope we continue to create the safe space for people in musical theatre and musical arts.

Freya Hansford - Anna

I have loved working with the people around me, I feel understood as everyone in Frozen is someone who loves musical theatre just as much as I do. I get along with everyone and I have a lot of fun- even on stressful days! I don't feel so embarrassed if I mess up because everyone is so kind and supportive.

Lila O'Leary - Olaf

Frozen was a great way to make friends with similar interests and to enjoy myself while being accompanied by an amazing cast and directing crew.

Madeline Vary - Kristoff

Being a part of this production has once again been a massive privilege! Rehearsals are the highlight of my week where I get to meet up with the most amazing group of people who I am lucky to call my friends, when we are all together it creates such a warm and supportive environment.

Victoria Preteseille - Hans

I have always loved being a part of the school musicals, they are what's incredibly fun and it's an honor to be a part of them. I think it's an amazing way to meet new people who have similar interests and make friends with people across the year groups.
